StopLight**Report**

The **iAppSys** Oracle License Soft Audit & Compliance Solution

Is your Oracle Environment in compliance?

See at a glance where you can save money by moving to the cloud.

Our proprietary software and auditing processes identify **RED** (under-licensed), **YELLOW** (under-optimized), and **GREEN** (shelved software, excess costs) areas of your environment — quickly, securely, and confidentially.

Our team of Oracle Cloud-specialized engineers and certified licensing and asset management specialists use the StopLight Report and the iAppSys SafeSwitch program to help our clients launch their businesses into the Oracle Cloud with the most cost-effective and optimized Cloud footprint possible.

The **iAppSys** StopLight Report
