The iAppSys Oracle License Audit & Compliance Solution

## Is your Oracle Environment in compliance?

iAppSys provides the simplest and most reliable Oracle Compliance review, analysis, and report of your company's real-time database, application, and middle-ware usage.

The iAppSys Audit and Compliance Solution offers automated compliance reporting to save you time and money, and provides auto-detection of data usage, virtualized environments, Oracle options deployment, LMS requirements, LMS stats, control of data access, database vulnerability management and database auditing, Oracle license usage, and a Compliance Guarantee.

We offer rebates against our auditing costs should a delta in Oracle software be detected. Insure your compliance with iAppSys License Management Services.

The iAppSys Auditing and Compliance process is confidential, performed under NDA, and backed by our compliance guarantee.

Our proprietary software and auditing processes identify **RED** (under-licensed), **YELLOW** (under-optimized), and **GREEN** (shelved software, excess costs) areas of your environment – quickly, securely, and confidentially.

The screenshot displays the 'Customer Environment, AS BUILT and MOVE to Cloud REPORT'. It includes a legend for 'STOPLIGHT REPORT LEGEND' with categories: Software License (OCI - infra applications) in green, Software License (OCI/OCIU - infra platform) in yellow, and Software License (OCIU - infra platform) in red. A 'MOVE TO CLOUD ESTIMATE' section shows 'Estimated Monthly License Credit Fee' in green and 'Estimated Monthly License Credit Fee' in red. The main report table is divided into sections: 'AS BUILT (Oracle Technology Products, Database, Options and Middleware)', 'AS BUILT DELTA (AS BUILT vs. MOVE TO CLOUD)', and 'AS BUILT (Oracle Applications)'. The 'AS BUILT DELTA' section shows a significant cost delta of \$218,500.00 (48.07%) for 'AS BUILT' and a delta of \$0.00 (0.00%) for 'MOVE TO CLOUD'. A traffic light icon on the right side of the report shows the top light (red) lit, indicating a compliance issue.

The iAppSys StopLight Report

**STOPLIGHT REPORT** + **LICENSE MANAGEMENT SERVICES** = **CLOUD SAVINGS**
